SUMMARY

Computer Engineering student with a 9.23 CGPA and hands-on experience building full-stack web applications using React, TypeScript, Node.js, MongoDB, Firebase, and Tailwind CSS. Passionate about solving real-world problems through scalable software solutions, with achievements including Top 25 Finalist at Smart India Hackathon 2025 and the \$200 Industry Sponsorship Prize at HACKOVERFLOW 4.0.

SKILLS

- Frontend Technologies: HTML, CSS, JavaScript, Tailwind CSS, ReactJS
- Backend and Databases: Firebase, Supabase, Node.js, MySQL, MongoDB
- Programming Languages: C, C++, Java, Python, JavaScript, TypeScript
- Tools and Platforms: Git, GitHub, Figma, VS Code, JupyterLab, Vercel, Netlify

EDUCATION

- Pimpri Chinchwad College of Engineering and Research, Ravet — B.E. in Computer Engineering
CGPA: 9.23 (Till 3rd Sem) | Currently in Third Year (TE) | Expected Graduation: 2028
- Sandip College of Art, Science and Commerce, Zodage — HSC (12th) — 81.17% (2024)
- MHT-CET (PCM) — 95.97 Percentile (2024)
- Podar International School, Dhule — CBSE (10th) — 95.8% (2022)

WORK EXPERIENCE

SkillCraft Technology | Dec 2025 - Dec 2025

Web Development Intern

- Developed multiple frontend web applications using HTML, CSS, and JavaScript with a focus on responsive design.
- Created user-friendly interfaces optimized for seamless performance across desktop and mobile devices.
- Built projects including a Landing Page, Calculator, Tic-Tac-Toe Game, and To-Do Application.
- Improved code quality, UI consistency, and user experience through testing, debugging, and optimization.

PROJECTS

- AirLink – Decentralized WiFi Sharing Platform

Developed a blockchain-based platform that enables users to securely share and access WiFi networks without a central authority. Implemented user authentication, access control, and secure payment workflows using Ethereum smart contracts, ensuring transparent transactions and efficient bandwidth sharing.

Technologies: React, TypeScript, Node.js, Express.js, MongoDB, Solidity, Ethereum, Tailwind CSS, Hardhat, MetaMask

GitHub: <https://github.com/yashurade27/deWifi>

- Ecolens – Climate and Forest Insight Analyzer

Developed an interactive web platform that visualizes the relationship between deforestation and climate change using real-world datasets. Integrated interactive maps, charts, and environmental data APIs to analyze trends and provide meaningful insights into ecological changes over time.

Technologies: React, Tailwind CSS, Vite, API Integration, JavaScript, TypeScript, Charts, Supabase

GitHub: <https://github.com/SamikshaMusale/EcoLens>

- **Portfolio – Personal Project**

Developed a modern and responsive portfolio website to showcase projects, technical skills, achievements, and professional experience. Implemented interactive animations, smooth navigation, and a user-friendly interface to deliver an engaging experience across desktop and mobile devices.

Technologies: React, Tailwind CSS, Vite, GSAP, TypeScript, Three.js, Framer Motion, Emailjs

GitHub: <https://github.com/SamikshaMusale/Portfolio>

- **Plantitude – Your Plant Care Assistant**

Developed a plant information platform that allows users to search plants, access care guides, and explore plant-based medicinal uses. Integrated plant data APIs and implemented a responsive user interface to enhance accessibility and user experience.

Technologies: HTML, CSS, JavaScript, Tailwind CSS, Vite, API integration.

GitHub: <https://github.com/SamikshaMusale/Plantitude>

- **Dumb Charades – Web-based Multiplayer Game**

Developed an online multiplayer Dumb Charades game that enables players to create sessions, guess movies, and track scores in real time. Implemented responsive UI and game logic to deliver a seamless experience across devices.

Technologies: HTML, CSS, JavaScript

GitHub: <https://github.com/SamikshaMusale/DumbCharades>

LEADERSHIP & VOLUNTEERING

- **Student Induction & Guest Session Coordinator**

Pimpri Chinchwad College of Engineering and Research (PCCOE&R), Ravet

September 2025

- Coordinated the First-Year Student Induction Program, supporting planning, logistics, and on-ground execution.
- Assisted in organizing a two-day guest session (16–17 Sept), managing student coordination and event flow.
- Collaborated with faculty and fellow coordinators to ensure smooth execution of college events.

ACHIEVEMENTS / CERTIFICATIONS

- Awarded the \$200 Industry Sponsorship Prize at HACKOVERFLOW 4.0, Pillai College, Mumbai, for developing AirLink, a blockchain-based decentralized WiFi sharing platform.
- Top 25 Finalist, Smart India Hackathon 2025 (Round 2) among 500+ teams.
- Secured 2nd place with an 8/10 score in CodeSpark – 72-Hour Build Challenge, organized by the Developer Community, GEC Siwan.
- Awarded as the FPL Subject Topper for First Year across all branches at PCCOE&R, recognizing outstanding academic performance and consistency.
- Achieved 6th rank in FE Mathematics Quiz Competition at PCCOE&R.
